

FinWorks 709N-BH STAMPING LUBRICANT

PRODUCT INFORMATION

Metalloid Corporation manufactures a high-quality line of air conditioning and heat transfer lubricants. The Metalloid program includes fin stamping, tube bending and expanding, heat exchange lubricants, coil cleaners, vacuum pump oils and lubricants for other industry related stampings.

Description

FinWorks 709N-BH is a new generation of fin stamping lubricant, combining a unique blend of additives which are miscible in the new and old generation refrigerants and does not form acids. **FinWorks 709N-BH** is designed to draw a wide range of collar heights. (6-22 F.P.I.) **FinWorks 709N-BH** provides outstanding tool life and a dry-to-touch residue, which does not interfere with brazing.

Benefits

- Odorless product
- Miscible in new and old generation refrigerants and compressor oils
- Dry-to-touch
- Ash less brazing
- Does not form acid

Application

FinWorks 709N-BH is designed to be used as is.

Specifications

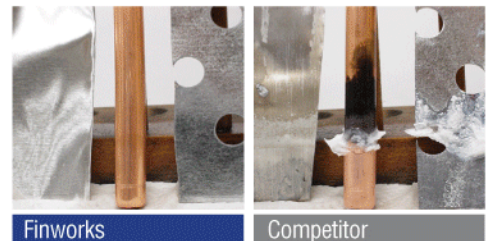

Specific Gravity @ 70° F 0.76
 Density, lbs. /gal. 6.34
 Flash Point, °F (TCC) 130.
 Appearance, Concentrate Clear odorless liquid

Availability

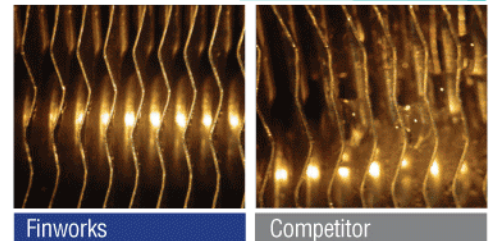

FinWorks 709N-BH is available in 5-gal. Pails, 55-gal. Drums, 330-gal. Totes and bulk quantities.
