

METCOR 52

Water Based Corrosion Preventative

PRODUCT DESCRIPTION

METCOR 52 is an oil free, biodegradable, indoor corrosion preventative for all metals, **METCOR 52** uses “*Green Chemistry*” derived from botanical renewal resources. **METCOR 52** is both people and earth friendly without sacrificing performance.

BENEFITS

- ✓ Compatible with most alloys
- ✓ Biodegradable – operator and environmentally friendly
- ✓ Heat treatable film
- ✓ Long term indoor protection
- ✓ Contains no hazardous oils or solvents
- ✓ Dry transparent film
- ✓ Easy to remove or clean off.

APPLICATIONS

- ✓ Final rinse protection in cleaner lines
- ✓ Dip coating machined parts
- ✓ Additive to enhance vibratory cleaning/protection
- ✓ In process protection prior to painting, plating or finishing
- ✓ In-transit part protection

DIRECTIONS FOR USE

METCOR 52 can be used as received or diluted down to 1:10 with water for lighter film weights. The deposited protective film will dry to a semi hard transparent coating. This coating seals the metal surface offering substantial indoor corrosion protection to both ferrous and non-ferrous metals.

PACKAGING

METCOR 52 is available in 5-gallon pails, 55-gallon drums, 330 gallon totes and bulk

Properties	
Appearance	Light brown , hazy liquid
Odor	Bland
Water Solubility	Completely at all proportions
Flash Point	None
Protection	Short term, Indoor
Film	Semi Hard
